Dona Ana County FRW
Fall Report
October 2026

The Dona Ana County Federated Republican Women continued our Caring For America Project for the Court Appointed Special Advocates (C.A.S.A.) after the summer meeting. We had the C.A.S.A.'s Program Director, Brandie White, as our speaker at our June 26th meeting. At that meeting, members donated suitcases and money to C.A.S.A., in addition to the donation the club had already made earlier this year. We also had the Founder and President of the College Republicans at New Mexico State University as our speaker in September. We are working on donating even more money than we already have given to this wonderful organization.

Since June, our club members have helped with candidates' campaigns such as: written thank you notes, helped with Meet and Greets, organized fundraisers, went door knocking, driven other door-knockers, distributed yard signs, wrote and mailed campaign letters, and personally donated to campaigns. Our members volunteered in the GOP office, signed up to be poll watchers and challengers, road in the Fourth of July float, and staffed the booth at the Southern New Mexico State Fair.

DACFRW helped bridge the gap between other organizations who work toward the same goal as the FRW. The DACFRW supported, worked with and shared information with the Dona Ana County Republican Party, Americans for Prosperity, Conservative Coalition In Action, the College Republicans at NMSU, and candidates running for office.

The DACFRW had candidates Isabella Solis, Ramona Goolsby, David Gallegos, Ben Luna, John Foreman and Todd Garrison as speakers since our summer meeting.

The women of the DACFRW rock. The incredible amounts of time, energy and money that the women of the DACFRW put into getting Republican candidates elected, is amazing. We should all be proud of the way all the NMFRW clubs work together to achieve this goal.

Respectfully submitted,

Denise Anderson
President, DACFRW
