

NMFRW Summer Meeting Zia Report – June 20, 2026

I am happy to report that Zia FRW continues to support our soldiers at Kirtland AFB with donations to the Food Pantry and Commissary Gift Cards.

We continue to supply bottled water for the NM Veterans Memorial event. We donate 2,000 bottles of water and the Albuquerque and San Bern FRWs give us a donation toward the purchase.

This year we sent two tables of homeschoolers to the Lincoln-Reagan dinner. We received donations from Four Corners, San Bern, Albuquerque FRWs. We also had help from Metro getting private donations.

We also added three new members. Unfortunately, Dolores Morgan, a long-time member, passed away June 2.

Our Patriotic Pause that we began for America's 250th Celebration has been very interesting. We had homeschoolers as our guest presenters for some of these stories of our Founding Fathers.

Our well attended social event was going to the movie "Revolutionary America".

Local candidates have been given the opportunity to present themselves at our meetings and share their platforms and reason for running.

Several of our members and Region B presidents have been attending City Council meetings and making our voices be heard. We have had several successes in changing the voting on City Council.

We gave support to CASA and The Ranches.

We had several members working at the voting locations.

Respectfully submitted,

Denise Foor, President Zia FRW
